By saying this I'd like to extend my gratitude to Veena ma'am and Gowda sir for giving my children memories that can be always remembered.

Aashley International School prepared my children to face the real world. It taught them to be confident about themselves and their decisions. The school helped them in standing up for themselves and standing up for their decisions.

It helped them love their education and it taught them real life skills like decision making, prioritizing, problem solving and a broad range of academic disciplines through education. The school helped them shape their personalities.

It is necessary for every child to attend a school that can educate themselves on various aspects of life. Aashley helped my children get the exposure they needed. They learned various life lessons which has an impact till today.

I'm thankful for the dedication and commitment the school showed in helping my children. They will always remember the school for the experiences they experienced. It's a second home for not only my kids but also for me and my husband. Thank you for the opportunity ma'am.
